U. T. PLANS BIGGEST HOME COMING PROGRAM

Homecoming Dance After Game
With Alabama—Annual Barn-
warmin's To Be Held

Knoxville, Oct. 9. The home Tennessee vs. Alabama Annual Barnwarmin' Conference on Industrial and Commercial Development Homecoming Dance

Alumni and friends of the University of Tennessee are already hungry for what's in store for them the week end of October 20-21. It will be U. T.'s annual homecoming, but officials predict that old grads will be greatly outnumbered by friends who never attended classes on the University campus.

Advance sale of tickets to the Tennessee-Alabama game, October 21, indicate that it will be the biggest Homecoming in the University's history. Less than a thousand seats in the stadium remained unsold October 1, and officials were wondering if enough temporary bleachers could be erected around the field to take care of all wanting tickets. More than 32,000 are expected to witness the game.

The conference on Industrial and Commercial Development of Tennessee, held as a memorial to the late Dean Felix M. Maxey, will attract both alumni and non-alumni, with some of the South's outstanding leaders scheduled as speakers. Four sessions of the conference, open to the public, will be held October 20, including morning and afternoon meetings, a noon luncheon, and an evening banquet. One morning session will be held October 21.

The Barnwarmin', annual dance-frolic sponsored by agricultural students, will be held the night of October 20. The Homecoming dance is scheduled the night of October 21, after the football game.

The Andrew Johnson Hotel will serve as headquarters for alumni. Registration will be held there from noon October 20 until noon October 21.

LIBRARY IMPROVEMENT BENEFITS STUDENT BODY

As far as the Library is concerned, the students of 1939-1940 will have a decided advantage over students of former years.

The Junior College Library has seen unusual growth in the past two years. With the aid of a grant of \$4,500.00 from the Carnegie Corporation of New York for the purchase of books, the gain in the number of volumes on the shelves has been 2917, making a total of 10,225 books now available to members of the college.

The growth has made possible the dormitory libraries, which were established in April, 1938. The home-like atmosphere of the college-owned and operated residence halls has been appreciably increased by the collection of readable books in each living room.

The library staff was practically doubled two years ago. This has both improved the organization of the library and made possible more evening opening. Both these advances have added notably to the effectiveness of the library service.

BURNBY COOPERATES WITH ENGLISH DEPARTMENT

Miss Burnby, librarian, and the sections of freshmen English last week, visiting the class rooms of Mr. Farrar, Mr. Allen, and Mr. Knoll, to instruct students in the use and function of the Junior College library. In this way every freshman in the college receives comprehensive suggestions about the library, so that his work in English, and in fact all his studies, may be done more effectively and with a minimum loss of time and energy.

JAMES ROBERT DEAN

Interviewed by Fairy Novell
When I interviewed this broad shouldered bronzed fellow I became impressed by him being a farm boy and living in Texas. Mr. Dean, do you have any brothers or sisters?

"I have two brothers, but no sisters."

Naturally it seemed to me like a big young man from the west should have been a movie actor or a cow puncher. I asked him if he had ever played in a rodeo or captured a mustang.

"No," he replied. "I like to tame wild horses and mules although there weren't very many wild ones around by home."

He looked as though he was interested in picture shows and I asked him who was his favorite actor and actress. He replied:

"Myrna Loy and Spencer Tracy."

Mr. Dean, what sports are you interested in?

"I like baseball, basketball and swimming. I did not play basketball or baseball either in college, because I drove 18 miles to college each day."

What caused you to take up teaching math as a profession?

"Because it was fascinating and it deals with problems that important and it isn't difficult."

While I was interviewing Mr. Dean I decided he looked like a very industrious man and I asked him if he worked any while in college. He replied:

"I worked my way through Trinity University the last years by grading papers in the math department." He also stated that he was a member of the Summa Cum Laude honor fraternity and received his master's degree from the Louisiana State University and also the University of Texas this past summer.

CHEER LEADER SELECTED

The inauguration of the 1939 football season at U. T. Junior College marked the initial appearance of three new cheer leaders, recently selected from the freshman class. The more experienced sophomores, Frank Dodd, Joe Glover and Oneida Johnson, kept things going during the first half and then the freshmen, La Rue Pentecost, Augusta Wood and Frank Kirkpatrick, took over and rally stirred up spirit for the remaining two quarters. They performed remarkably well for their first public attempt, showing the necessary ability to effect rhythm and coordination in the cheering section. The student body cooperated effectively enough, but they were hampered somewhat in that they failed to know all the yells. What with Friday night's practice this phase should be improved by the next home game, and the cheering section should be a source of plenty of spirit and inspiration.

ARCHERY EXPERT AT U. T. JUNIOR COLLEGE, OCTOBER 17

ROSS HOOPERHYDE will appear at U. T. Junior College at 1:00 o'clock Tuesday, October 17 on the first of a series of lyceum numbers. He is rated as one of the best archers in the country. The sports editor of the Milwaukee Journal has gone further and calls him the greatest living bowman.

Mr. Hoogerhyde has been five times American champion archer. The magazine Time said, in 1937:

ROSS HOOPERHYDE

"Favorite for the title was Russell Hoogerhyde, who, after winning in 1930, 1931, 1932 and 1934, retired from active competition to develop a business in Chicago. . . . In 1929 decided his form was mud. He shot 1000 arrows a day for six months while slowly changing his arrow 'anchor' from just behind his ear to under his jaw. . . . when each of the 196 ablest bowmen in the United States had shot. . . . Hoogerhyde was champion again."

Hoogerhyde gives an interesting talk while he shoots. Since archery is one of the fast growing sports in this country, he should be entertaining to the student body and public who will come to the performance.

The good spirit in evidence at the Junior College campus I have never seen exceeded. The atmosphere of fine comradeship that has started us on this eventful thirteenth year of the institution, clubs and classes are organized, sponsors selected, school calendars arranged and the scalp of West Tennessee Freshmen tucked under our belt. College freshmen have been properly initiated into that marching army of Tennessee men and women and we are off to a great year.

PAUL MEEK.

FRESHMAN CLASS ELECTS OFFICERS

The freshmen were called together on Monday, October 2 to elect officers for the coming year. Bob Bratton from Centerville, was elected president. Gene Crawford from Dresden, was elected vice-president by acclamation. For the position of secretary and treasurer, Miss Jane Cox of Ridgely, was elected. Miss Florence Elcott and Mr. DeMoss are the sponsors of the class. All of the freshmen are looking forward to a pleasant year of work and happy associations with new friends.

Season Football Ticket Sale Sets a Record

Joe Brown, General Chairman—
Rotary, YMBC, C. of C. and
Legion Cooperated

The season ticket sale of U. T. Junior College opened Monday morning, September 18th with Joe Brown as general chairman.

Season tickets sold this season for \$3.00 and include all home football and basketball games. There will be five football games, four on Friday evenings at 8 o'clock. This arrangement was made especially for the convenience of local fans. The last game will be on Thanksgiving afternoon at 2 o'clock. There will be eight basketball games at the gym. This will reduce the cost of each event to only about 23c, a record low for high grade entertainment.

Several weeks ago the athletic council of U. T. Junior College met with representatives from the four civic clubs of Martin and formulated the ticket-selling plan. The complete organization was as follows: Joe Brown, general chairman.

Dr. M. H. Buckley, president of Rotary Club, chairman; Ben Dodd, Hall Arnold, Joe Brown, Walter Higgs.

J. W. Eakin, president of Martin Chamber of Commerce, chairman; E. C. Hardeman, W. H. Crippell, E. O. Durrett, Robert Walker.

J. E. Cushing, president Young Men's Business Club, chairman; Charlie Seates, Joe W. White, Doug Murphy, Bill Neal.

Tom Bullington, vice-commander, American Legion, chairman; Paul Riggins, Hoyt Kennedy and J. H. Smith.

DeMOSS AND DAIRY SHOW

Ray DeMoss, of the animal husbandry department at the University of Tennessee Junior College, has been actively engaged in superintending the details of the Martin Dairy Festival previous to the holding of the Festival, September 29 and 30.

He assisted farmers in the territory to prepare their cattle for showing, by giving instructions on clipping, dressing Jersey cattle for show, rations for show cattle, and helping the owners to train their cattle for showing. This is a part of the service the Junior College freely offers to all who wish to avail themselves of extension service.

The Martin Dairy Festival was sponsored by the Young Men's Business Club of Martin, under the able direction of Joe White, and associated with the club were J. E. Owenby and Douglas Burnett of the Pot Milk Company.

GIRL SPORTS AT U. T. J. C.

The physical education program at U. T. J. C. is different from what it has been for the past several years. It has been the custom for the freshmen to compete against the sophomores in all of the contests held during the year. Watch The Volette for further announcement of the varied, broad and interesting program which the department of physical education is sponsoring.

The first six weeks the girls will be shooting at the bull's eye and the last six weeks will be spent in the swimming pool.

DOWN STATE TEACHERS FKOSH 13-7

Campbell Aids Bell With First
Score—Second String Use In
Last Quarter of Game

Before one of the largest crowds ever to see a football game at the Junior College stadium, the Junior Vols lambasted the Memphis pedagog frosh to the tune of unlucky 13 to even more unlucky 7.

The team made a marvelous showing before the packed stadium. The game was featured by grim, steady playing on the part of the locals, and valiant but ineffective defense on the part of the visitors.

After a bad season last year, the Vols win at the opening sets the pace, and gives promise of a powerful organization. There are still some rough spots to be ironed out in the organization, Coach Hug is quoted as saying; but the psychological effect of taking a game which was far from being in the bag, cannot be overestimated.

Before the game Executive Officer Paul Meek introduced this season's first string Volunteers. The opening lineup consisted of four sophomores and seven freshmen.

Ray Adams, freshman quarterback, returned the kickoff from the 20 to 45-yard line. The blocking of mighty Tennessee was exceptionally good. Then the fireworks began.

Coach Hug's shifty backfield began staging a real offensive combat both in the air and on the ground. Joe Bell and Campbell did the swell running and passing, behind a formidable forward wall which endlessly invaded enemy territory.

All worked well until the Vols received a 15-yard penalty for holding on the Teacher's 31-yard line. And the next play, Boswell, right and signaled for a clear pass from Bell. The ball bounced from Boswell's hands and Teacher's men threatened to snag the ball. Tommie Tucker, the high-spirited center, grabbed the ball and took off at top speed. It was then fourth down and the Volunteers went back to punt on Teacher's 48-yard line. Bell punted to the 20, where it was taken by Chandler of the Teacher's and was fumbled. Tennessee recovered the ball on Teacher's 24-yard line. Joe Bell, with the aid of Campbell, scored. Captain Mayo's kick was good, making the score 7-0 in favor of the Vols.

Teacher's staged a thrilling come-back in the second quarter to tie the score seven all. Chandler was the key man for the Teachers.

In the third quarter by a series of smashing line plays, Tennessee paved the way for Campbell to score the Vol's second touchdown. The try for the extra point was not good, leaving the score 13-7.

Coach Hug started his second team at the fourth quarter. It was composed of Crawford, Frasier, Sorrells, Tolvel, Perkins, Dyess, McDavis, Hall, Moore, Haystatter, and Easley. The second stringers were strong fighters, but they lacked the power to withstand the Teachers' invasions.

The linesmen seem to have been overshadowed by the exceptional play of Stubby Bratton, the Volunteer's right guard. His ability to crush line plays was a little

WHAT MAKES A HOME.

A home is the result of the following chemicals of the heart: love, honor, sympathy, kindness and generosity. If these chemicals are not mixed correctly a poor home results. The reason for so many poor homes today is the cheap imitation chemicals which flood the market. Some people go in for cheap, just as good, imitation and as a result everyone suffers from their mistake.

Although a home is a chemical solution, no one can correctly write a true equation for the reaction of the chemicals. Anyone can be an expert chemist to detect whether the solution has come to an end. By walking into a "home", any one can tell readily whether the real or imitation chemicals were used. In a real home there is not an overpowering shadow which drops down over those who enter and makes them feel uneasy until they leave. A real home is pleasant with an abundance of blossoms of the heart, with just enough showers to cleanse the soft, pure petals of the precious blossoms.

When the reaction of the true chemicals of the heart come to an end they remain that way forever and the fruits of this reaction are happy homes with children, where happiness abides forever. Therefore a home should never be the experiment of anyone craving excitement who goes in for cheap chemicals.

CLUBS

HOME EC CLUB

The first meeting of the Home Economics Club was held Wednesday night, September 27. Plans were made for freshman initiation and also for the club socials this quarter.

The initiation committee selected was as follows: Lelabelle Scruggs, chairman; Dorothy Wash, Mildred Pierce, Mildred McIntosh, and Martha Sue Turner.

The meeting date was set for the first Tuesday night in each month any member failing to attend a regular meeting without a reasonable excuse will be fined five cents.

It was decided that plans for a joint social would be made by the officers of the Home Economics and Agricultural clubs.

The officers of the Home Economics Club this year are: Fairy Nowell, president; Jo Young, vice-president; Mildred Pierce, secretary; Mildred McIntosh, treasurer; Lelabelle Scruggs, reporter; and Miss Scindler, sponsor.

AGRICULTURAL CLUB

The Agricultural Club met Wednesday night, September 27th for their first meeting of the year. The officers of the club are: Billy Dick Brown, president; Fred Powell, vice-president; Franklin Nix, secretary and treasurer and John Kelly, sergeant-at-arms. Professor Ray DeMoss and Professor C. C. Cravens were elected as sponsors. An initiating committee was appointed to notify freshmen wishing to become members of their initiation. The dues of the freshmen were set at 50c for the first quarter and 25c for the second and third quarters. After a discussion of the year's work ahead of them the meeting was adjourned.

THE FORENSIC CLUB

The Forensic Club met Thursday night, September 28th in Mr. Allen's room and discussed the plans for this year. It is the general opinion that the club is going to be a great asset to the school this year. Plans have been discussed concerning visits to nearby high schools and presenting programs in order that the members may get the experience of appearing before public audiences, which is a vital point in the training of the public speaker. This being the purpose of the Forensic Club.

Officers elected were: President, James Glasgow; vice-president, Sarah Dickson; secretary-treasurer, Jo Glover; reporter, Evelyn Kirk; sponsor, Mr. Allen. The club's officers were automatically appointed as program committee.

The program schedule for the fall quarter follows: Tuesday, October 10, discussion of program material; Tuesday, October 25, visiting speaker; Tuesday, November 7, club program consisting of musical numbers, humorous readings and speeches; Tuesday, November 21, visiting speaker; Tuesday, December 5, talent program. The next meeting will be open to all newcomers.

ENGINEERING CLUB MEETS

The Engineering Club of U. T. Junior College began its third year of club work on September 29 with its first meeting, which consisted of reports from the various officers and suggestions from the sponsor. The officers elected at the close of the previous quarter are: Frank Dodd, president; Odell Jones, vice-president; Miss Evelyn Passmore, secretary and treasurer; Edwin Matthews, club reporter and Mr. S. R. Woods, sponsor. Mr. Woods spoke to the members on the purpose of the club and its program through the quarter. Mr. Dodd closed the meeting by welcoming the new members that were present and by inviting any others who wished to join.

THE INTERNATIONAL RELATIONS CLUB

The International Relations Club held its first meeting in Mr. Gatlin's room Tuesday night, October 3. The club elected as their officers, the following: President, Mack Williams; vice-president, Anita Mulherin; secretary-treasurer, Dorothy Jackson; faculty sponsor, Mr. Gatlin; chaperons, Mr. Gatlin and Mr. Kroll.

The members voted to have two meetings each month, but the time of meeting was not definitely decided. Mr. Gatlin suggested purchasing a new European map with which to study the present European situation. Each member readily agreed to this.

The news topics to be studied this quarter were then discussed. Several interesting subjects were decided upon and each member chose the subject upon which he wished to speak. After inviting new members to join the club the meeting was adjourned to meet again Tuesday, October 10th.

MASK AND WIG CLUB REORGANIZES

On Thursday evening, September 28 at 7 o'clock, all students interested in acting of any form met in the administration building for the purpose of reorganization of the Mask and Wig Club. Since the sponsor, Miss Hill, was not present for the opening Mill Mildred Pierce took charge. As soon as the house was opened for nominations for president, Miss Pierce was nominated and elected by unanimous consent. For vice-president Miss Sara Wheatley was chosen. Miss Margaret McLean was elected secretary-treasurer, and Miss Jo Young became the new reporter. Miss McLean, who was a member of the state Teachers College Dramatic Club last year, made a very interesting talk, urging the club to greater membership and increase in production. Social and meeting dates were generally discussed. The club retained the former name, The Mask and Wig Club.

S. C. A. HOLDS FIRST MEETING OF YEAR

The Students Christian Association of U. T. Junior College held its first meeting on September 26, at 12:30 o'clock. The place of the meeting was the administration building. The purpose of the meeting was to elect the association officers and thus get the new year started on time. The meeting was called to order by the president, who was elected president at the close of last term or the club. Nominations and votes were cast and the following were chosen: President, Mildred McIntosh; secretary-treasurer, Coriene Davis; pianist, Mary Greer; program committee, Fairy Nowell, Opal Crowder, Willard Bedwell and Lennis Dunlap.

After the business was finished Mr. Cravens gave a talk telling the aims and purposes of the club. The meeting adjourned until the next meeting, for which the date has not been definitely set.

LIFE SAVERS CLUB MEETS

The Life Savers Club, which is composed of students who have passed the Red Cross senior life savers' requirements, met October 2, 1939 in the physical education building.

The program consisted mainly of the election of new officers. Those who are to serve during the fall term are as follows: President, Sarah Helen Wheatley; vice-president, Andy Renshaw; secretary-treasurer, Virginia Webb. Miss Florence Elliott is sponsor of the club.

Jr. Vols Win Opener

(Continued from page 1)

short of sensational.

Watts, Teachers right end, was severely injured. The extent of his injuries were not known.

This week the Vols will engage St. Bernard. The Vols will journey to invade Alabama territory and to continue their winning streak.

The players were:

Vols	Teachers
Boatwell	IE Hert
Snow	LF Jordan
Mayo	LG Simmons
Tucker	C Johnson
Bratton	RG Pankey
McKinnie	RT Ruthville
Tate	RE Watts
Adams	QB Thompson
Kelly	HB Chandler
Bell	HB Taylor
Campbell	FB Eloninstone

Referee: Fisher; Umpire: Taylor; Linesman, George Wiggs.

Did you know that college students, according to a noted psychologist, in You and Heredity.

are two inches taller on the average than they were in your father's and mother's day.

LEGG'S BEAUTY SHOPPE

SCRIBBLERS' CLUB

The Scribblers' Club met Monday night in Mr. Kroll's room to elect The Volette staff and the club officers and to discuss the plans for the year.

The Volette staff is as follows: Editor-in-chief, Mildred Pierce; Associate Editor, Martha Allen; Makeup, Evelyn Kirk; Proofreaders, Frances Hardeman, Kathryn Warren and Shirley Walters; Sports Writers, James Glasgow, Macon Byars, Ruth Erwin; Feature Writers, Fairy Nowell, Ruby King and Colleen Terry; Society Editors, Ina Tyson and Frances Barger; Reporters, Dorothy Wiley and Connie Sherrill.

The officers of the Scribblers' Club are: President, Mildred Pierce; Vice-President, Frances Barger; Secretary, Ina Tyson; Treasurer, Ruth Erwin; Reporter, Frances Hardeman.

The club plans to have a party each quarter. The first one will be Friday, October 13.

WILLSON COUNTRY LIFE CLUB MEETS

The Willson Country Life Club held its first meeting for the year October 3rd. Plans were made for the club's social activities this quarter.

The officers for the quarter are Fred Powell, president; Clifton Luttrell, vice-president; Joe Young, secretary-treasurer; Sarah Deane Strong, reporter, and Joe Thompson.

The club looks forward to a very successful year and all students are cordially invited to attend the next meeting.

MEETING OF PRE-MED CLUB

The Pre-Med Club met at the Science building on the night of September 27th and elected the following officers: Harold Webb, president; Jack Sorrells, vice-president; Nell Beaton, secretary-treasurer. As there were but three members present the only other business transacted was the setting of Tuesday, October 10 as the date of the next meeting.

STUDENT COUNCIL MEETS

Friday night, October 5, the All-Students' Club Council, composed of various club presidents on the campus, met in the industrial arts building. The meeting was called to order by Ralph Hudson, president of the All Students Club. After stating the purpose of the meeting Mr. Hudson turned the meeting over to Mr. Knepp, the faculty advisor.

Mr. Knepp briefly outline the objectives of the club for this year. He presented a five-point program, which he hopes to see inaugurated this year. The full extent of the program will be announced later.

He further recommended that the sophomores abolish the traditional belt-line. He expressed the belief that more appropriate initiations might be conducted. The sophomore class will take the matter under consideration Friday at a special meeting.

The group designated the first Wednesday night of each month as its meeting date.

GLEE CLUB HAS ITS FIRST MEETING

Starting a year of good work the Glee Club of the U. T. J. C. met at the administration building on October 3, 1939, with James Pigue taking the leadership. The house was called to order and the following officers were selected: President, James Pigue (by acclamation); vice-president, Shirley Walters; secretary, Kathryn Warren; reporter, Oneida Johnson.

After Mr. Allen's speech on the aims of the club, the club was divided into groups according to each individual's voice, and songs were sung. It was decided upon that the Forensic Club and the Glee Club will cooperate in giving high school assembly programs this year. The future meetings of the club will be every Tuesday evening at 7:30 o'clock. Anyone who is interested in joining the

club please see the president or some other member.

NU KAPPA NU MEETS

On Thursday night, September 27th the Nu Kappa Nus met and elected officers for the new school year. The following officers were elected: President, Fay Tolley; vice-president, Rebecca Isbell; secretary - treasurer, Dorothy Wash; reporter, Martha Jackson. The meeting was adjourned to meet again on Thursday night at 9:30, once every month.

HURT ANNEX GIRLS MEET

The girls staying at the Hurt Annex had a house meeting Tuesday night, October 3, and elected the house council. The officers are: President, Edith Keaton from Henning; vice-president, Jane Cox from Ridgley; secretary-treasurer, Flora Bee Brown from Ridgley. Regulations as to house order were discussed and a committee to select a name for the club appointed.

SOPHOMORES MEET

The sophomores held their first meeting Tuesday, October 3 at 12:30 o'clock in the auditorium of the administration building. A short business meeting was held, at which time the following officers were elected: President, Frank Dodd; vice-president, Ed Osborne; secretary - treasurer, Lelabelle Scruggs; reporter, Anita Mulherin; sergeant-at-arms, Jack Sorrells. The sponsors selected were Dr. Schmidt and C. C. Cravens. The meeting was continued the next day, Wednesday, at 12:30 to complete the election of officers. Also plans were made for the initiation of the entire freshman class.

OUR UFOOTBALL TEAM

Coach Paul Hug of the U. T. Junior College Vols, feared neither wars, pestilence, or omens. Thirteen lettermen reported back from last season to begin football camp on September 13th. Thirteen pairs of pants, thirteen sweaters and other items, had been ordered; and each man's outfit had thirteen things in it. A total of fifty-eight men were expected, and five plus eight equal thirteen. Coach Hug looks forward to a great year just ahead.

The thirteen last year's men are Tate, Mayo, Phillips, Jameson, Deer, Tidwell, Kelly, Sorrells, Hayes, Stevenson Ramer, Baker and Russell.

On the morning of Saturday, September 23 a public intersquad scrimmage for the edification of new students entering the Junior College, was given under the direction of Coaches Hug and Hayes. At that time each player was presented to the crowd. The student body and members of the faculty, along with the townsfolk, were present.

MARTIN STUDENTS

Scouting around the campus we find that Martin High School sent us quite an interesting group.

Did you know that: "Bobbie" Dodd was on the M. H. S. football team in '39, a member of the Malone Society and was in the '39 senior play?

Jack Donoho was in the '39 senior play and was a member of the Craddock Society?

Lenis Dunlap was salutatorian in '39, judged most ambitious boy '39, most intelligent boy '39, most studious boy '37, most polite boy '39, was in the '39 senior play, and was a member of the Glee Club, band and Malone Society?

Ned Pentecost was president of the Craddock Society '38 and '39, best all-around boy '39, president of sophomore class in '38?

Frances Barger was president of freshman class '35, judged cutest girl in '39, was a Craddock contestant in '37 and '38, was in the senior play of '39, in the Booster Club?

Shirley Walters was class treasurer in '38, class secretary in '39, Malone contestant in '35 and '39, secretary of Malone Society in

FRED WARING and his famous Glee Club rehearsing his original Football Song for introduction on "Chesterfield Pleasure Time" over the Coast-to-Coast N. B. C. Network.

'39, was a member of the Glee Club, Booster Club and band.

Kathryn Warren was Miss M. H. S. of '39, president of Booster Club in '39, in '39 senior play, vice-president of Malone Society '39?

Ruby King was a member of Glee Club '39 and Craddock Society?

Frances Hardeman was a member of the Boosters Club and Malone Society?

Marianne Legg was a member of the Boosters Club, a contestant for the Malone Society in '39?

Martha and Rachel McClain were members of the Glee Club '39 and the Malone Society?

WHEN THE DEAR OLD U. T. FROSH FELL IN LINE

I know and you know that every freshman boy hated for the half of the game Friday night to come, for it meant the hot seat (figuratively speaking, of course) for them. The boys came to the game with their shirts on backward, their pants wrong side out and also on backward. Before running the footrace to see who would be eliminated from the belt line, the boys had to remove their shoes, which the sophomore boys scattered in a bunch. Moss won by a toe and was proclaimed the winner! Then for the belt line! Some of the freshmen were really praising Allah as they bravely made the downgrade. Ned Pentecost must be a real rug-cutter as shown by his jitterbugging down the line. David Williams is the second Sampson; he merely bumps into a boys and he (the boy) is down flat. Sam Rawls and Buddy Vaughan looked like Siamese twins, with Sam getting the raw end of the deal. Someone, name unknown (but I am sure he knows it), who had only gotten to the second lesson in "How To Run—In Ten Easy Lessons" waltzed along and proved to be the best meat for the sophomores. When the last had been cared for in this decided manner, there was a mad schamble for shoes and later cushions, I imagine. We are proud of the freshmen boys; they certainly deserve it for proving that they can take it.

Campus Gossip

Wonder if Bauswell still means what he said about shining shoes? What boy was seen coming from a graveyard by himself? Here's a hint, his initials are H. N.

What is it about the Hurt house that makes it so popular with the boys?

Mr. Meek isn't having much trouble keeping the boys away from the cows. Some few like Dunlap, Billy Brown and Scatter seem to like the girls' dormitory quite as well.

Mr. Allen says that the only thing history teaches you is that it doesn't teach you anything.

Congratulations to Nell Benton She has succeeded in replacing bows with beaux.

It's stale news, but what about one of the "Sin Twisters" and that Knoxville guy.

Since when has Mr. Allen been classed as a wise-cracker? It was told that he floored the glee club by saying that a saxophone was wind that no one blew good.

I once heard someone make this

A frightening number of accidental deaths occur in American homes. It is time to call a halt to this tremendous and unnecessary loss of life. Last year more people were killed in home accidents than in any other kind. There were 32,500 victims of home accidents on record.

Straight From The Shoulder

By EVELYN KIRK

Things may come and things may go, but college life goes on forever.

The American Cafe seems to hold a great deal of interest for the college students, especially on Sunday night. I was very amused Sunday night at Jo Young, David Williams, Martha Jackson, and "Butterbean" Porter.

John Moss isn't afraid to die. In fact, he visits the cemetery quite often to see on which side the moon he shines most.

It could be Sarah Strong for Duck Rye. Then again Kitty Larkins might have a chance. That's the way it looked the other night in the library anyway.

Hafford Nash for awhile seemed to be the man about the campus. What's the matter, Hafford? Losing out?

Willard Bedwell and James Meadows can't fool us. Last year they tried to play "bashful". But they were just waiting for the right one to come along and now it seems that Adrienne Lytton and Kathryn Berry are in the lead.

Guy "Windbag" Baswell must have blown from somewhere and swept Martha Jackson off her feet. Or it seemed that way for awhile to say the least about it.

I know of a certain guy who drives a De Soto around here that went to Oklahoma this summer. I wonder why?????

Jenny Lou might become a public speaker by starting on the simpler things, such as "Little Tommy Tucker".

Fairy, what has become of that young man's picture on your table a week ago? Keep your chin up, kid, such things can happen.

Anita Osborne is back with "heaps of smiles". She is glad to get back to Martin, and I don't mean Tennessee.

In closing yours truly would appreciate any information concerning the boys and girls, or even the faculty on the campus. After all, the whole student body would like to know about it also. So long until next time.

SOCIETY

Saturday night the gym was the scene of another social when all the students "jived" from 7:30 to 9:30 to the music of the electric phonograph.

Sara Helen Wheatley and Dorothy Jackson attended the dance in Paris last Friday night, when visiting "Pete" Orr.

Oneida Johnson spent the week end at her home in Rossville.

Bertie Robertson spent the week end in Walnut, Miss.

Those students who went home last week end were: Wilmoth Wynn, Puryear; Frances Gatlin and Martha Sue Turner, Covington; Sara Bryson and Kathleen Broadway, Linden; Rebecca Isbell's parents visited her Sunday from Whitahaven.

Mildred Pierce attended a banquet in Jackson at the New Southern Hotel Sunday night.

Buford Beckin of Mississippi, was a visitor on the campus Sunday.

Robert 'Boop' Algee and Bedford Mooring were in Martin Sunday.

Annie Lou Nance spent the week end at her home in Camden.

Tommie Tucker was in Knoxville to see his brother, who plays quarterback for U. T. frosh.

Ray Adams was in Union City Thursday.

AG-HOME EC WEINER ROAST

The Home Economics and Agriculture Clubs of the Junior College gave a weiner roast on the night of October 4th for all new and old Home Ec and Ag members. The group met at the administration building at 6:30 and went in a body, sponsored by the teachers, to the scene of a huge bonfire. This was out in Cashon's Grove, which is an excellent place for such entertainment. After roasting of weiners and

making of sandwiches everyone sat around the fire and ate and drank the delicious sandwiches and cold drinks. Everyone then joined in old and popular songs, including our Alma Mater. Everyone went home saying they had enjoyed another lovely evening and that they wish to enjoy another soon.

Dear Kitty:

I promised to write you a letter concerning the sophs this year, so here goes. You can hardly find one because of the place being swamped with freshmen, but we still have quite a few.

Ruth Williams and Lorraine Crabtree have hied themselves to Knoxville for that higher "larn-in". Ruth Lattimer and Lelabelle Scruggs have joined the Lonely Hearts Club, and we no longer have that Brown-Harrison-Johnson triangle. Yet, we still wonder how it turned out. Ina Tyson has gone in for Moons this year and I don't mean in the sky. Gee whiz, I almost forgot—Downing, the great, took on a better half this summer and we still have those lovebirds, Mulherin and Curtis, but we hear the fence is kinda shaky. H. N. Moore seems to be carrying off the honors with Mildred McIntosh this year. Then, there's Andy Renshaw and "Hucky" Melton giving the frosh girls a big rush, and it seems that Martha Allen and Mildred Pierce are going in for football in a big way. Evelyn Kirk is back and doing right well by herself. Then, of course, there's Laura Burrus and Jimmy Pigue, Jo Young and Sara Helen Wheatley are working so they say "I'll see you in my spare time, boys." Dorothy Jackson dances as well, if not better, than ever, but we hear her heart is not at the Junior College. Wilfred Head has a brand new bicycle, and poor Martin Baker, it's the same as last year, still a heart-breaker. Ruth Erwin says, "Hayes can stay in New York for all I care long as there's Leroy," and I almost forget, the Sorrell boys with Frank calling Jack little brother. There are several more here, but this is all the time I have (studies must come first you know). I will sign off.

Your affectionate friend,
Clara Belle.

The annual bonfire was burned near the flagpole on the Junior College campus on the evening October 5th. The flames consumed around one thousand cardboard boxes which had been gathered by freshmen from the various places of business in Martin. From all directions swarmed freshmen, each one laden with ten boxes, which varied in size from shoe boxes on up.

School spirit was emphasized throughout the program. Interesting talks on loyalty and school spirit were made by Billy Dick Brown, president of the Ag Club, and the following faculty members: Executive Officer Paul Meeks, Professors Horton, Gatlin, Hug and Phillips.

The cheer leaders led the crowd in school yells and songs. The Alma Mater was sung with deep feeling as the flames climbed toward the sky.

At a called meeting of U. T. Junior College All Students Club Ralph Hudson of Dyer, was elected president, succeeding James Hendricks of Newbern, who did not return this year to the Junior College. Hudson, who is the son of Mr. and Mrs. N. R. Hudson of Dyer, was president of the freshman class last year.

OUR OWN MILDRED PIERCE

A hasty computation of honors and amoluments which have befallen Miss Mildred Pierce convince us she has reduced the collecting of high honors to an exact science, that which are no whippers, if you ask us. She is editor of The Volette, president of the Scribblers Club, secretary of the Home Ec Club and president of the Mask and Wig Club.

ENROLLMENT EGCEEDINGLY HIGH

Another year has begun at U. T. Junior College, and speaking in terms of enrollment, we are beginning the best year in history. To date, a total of 331 students have enrolled. One hundred thirty-eight of these are girls, leaving the boys a total of 192. Well, girls, it looks like we still have a chance. Freshmen are here almost 200 strong—198 to be exact. At the same time the sophomores are back with a total of 133. These students come from numerous counties throughout the state of Tennessee and from several adjoining states. Nevertheless, here at U. T. J. C. we can all unite for a good year's work. May this year be one of loyalty, scholarship, and service for everyone enrolled.

OPEN HOUSE AT WOODS' FOR AG. ENG. STUDENTS

Professor and Mrs. Stephen R. Woods held open house from 5 to 6 o'clock Sunday afternoon as a compliment to the students of agricultural engineering. During the hours boys of this department called at the Woods' home.

They were extended a warm greeting by Mr. and Mrs. Woods. The cheerful open fire seemed to spread a glow of friendliness, which was intensified by the strains of familiar music furnished by Miss Jeanne Nall at the piano.

Assorted sandwiches, individual cakes and hot chocolate were served in abundance from the beautifully appointed dining table. Hot

chocolate was poured by Miss Evelyn Passmore, secretary of the Engineering Club.

HOME ECONOMICS CLUB GIVES FINAL INITIATION

The Home Economics Club of use and function of the Junior initiation to the freshman girls on Thursday evening, October 5, at the Home Economics building. Everyone was greeted at the door by Dorothy Jackson and Anita herin, who served as ushers. The affair was carried out in the form of a candlelight ceremony with the club officers in charge of the program.

The following are the officers for the year: President, Fahry Nowell; vice-president, Jo Young; secretary, Mildred Pierce; treasurer, Mildred McIntosh; reporter, Lelabelle Scruggs.

Sara Strong discussed the significance of the Beta Lamp, the emblem of the National Home Economics Club. After each officer's speech, and the ceremony was completed, each person went into Mulherin who served as ushers. The the dining room for refreshments, which were served by Gilly Hardin and Sara Helen Wheatley. Forty-nine new members were initiated.

German girls are living their lives today on the theory that Germany will dominate the globe. The only thing that a nazi girl has to look forward to is marriage and the hope of having four children so that the government will be pleased. In Nazi Germany the object of education is to teach the girl not to think. A very simple

life is lived by a German girl. She does not wear makeup because the raw materials are needed for war goods. Her social activities are few since so much time is taken with physical training. For German girls there is little adventure in their private lives; the adventure lies in the political development of their country.
